

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

DE ADMISSIS AD

STUDENDUM IN

BIBLIOTHECA.

UNUSQUISQUE admissus quiete et ut modestum decet, se gerat, nec molestis ambulationibus, aut improba canorave garulitate ceteros interturbet aut offendant, immo potius studiis ipse incumbat sub silentio; super Libros cubitis brachii sive non reclinet, sed Notas Chartamque exceptoriam super Pluteos ipsos omnino reponet, apertos non dimittet, sed locis ordinibusque propriis (sine omni morosa Catenarum intricacione) reponet; Libros etiam ceterumque cultum sic tractabit, ut superesse quam diutissime possint.

Unusquisque Studioforum denique statutis Horis ad (sonitum Campanæ, Ostii Verberationem vel aliud) Signum usitatum discedat.

1680.

Horæ Statutæ hæ sunt quæ sequuntur. Matutinæ à secunda incipiunt, Quinta desinunt, Durante Æstate; Hyberna vero Anni Parte, Matutinis à Tertia usque ad Sextam, Postmeridianis à Septima ad Decimam Licet Studere.

Excipiuntur e Diebus quibus consulantur Libri, Omnes, Sanctis Dicati. Diebus Jovis et Saturni clauditur Bibliotheca post Meridiem. Porro, Festis Incarnationis Dom. Nostri Jesu Christi, et Pentecostes, longioribus feriis, sc. quatuor septimanis, sui juris esse gaudet Bibliothecæ Custos.

L E C T O R I P H I L O B I B L O , S. D.

CUM quatuor abhinc annis mihi demandata esset Provincia BIBLIOTHECÆ CHETHAMENSIS apud MANCU- NIENSES custodiendæ, placuit sanè Curatoribus nobilissimis spectatissimisque, ut Libris, qui propter plurimam per nuperos annos accessionem in Catalogis non describerentur, descriptis, et qui ex legentium incuriâ longè distraherentur, ad forulos suos redactis, statim ad novum Librorum Catalogum conficiendum me accingerem, quem ut publici esset juris, typis vulgari volebant. Manus victas temerè, confiteor, dedi, eorum voluntatis, quàm virium mearum, observantior, qui in re bibliographica planè hospes et rudis essem. Quoniam verò non meum erat, quod Fundator publicæ utilitati dicavit, id publico invidere, posthabitâ modestiâ importunâ, quam mallem opportunam vocare, mecum decrevi tam utili instituto pro virili incumbere. Huic tamen decreto ne tam instanter satisfacerem quàm volui, obstabat illa prior, nec facilis cura. Notandi enim erant in Catalogis libri quamplurimi, qui hinc illinc in Bibliothecâ latitantes cum oculos, tum manus effugiebant, ut primò perfectiores evaderent; deindè in forulos suos colligendi, quò faciliùs, quanta esset in unâquâque facultate supellex, innotesceret. Hoc tamen nè fieret, sæpiùs propter numerum formamque suam prohibuit angustia loci; qui tam iniquè huic præ illi facultati contigit, ut libri complures in propriis locis frustra quærerentur, et videre esset Medicum suâ sede destitutum Jurisperiti lateri adhærere, Poetas cum Mathematicis, Mathematicos cum Historicis societatem inire, sacra denique cum profanis commisceri; ut non mente solum notandus, sed manu movendus esset unusquisque errabundus liber.

Sed

Sed ubinam? non ampliùs enim singula libros suos scrinia capere potuerunt. Neceſſe erat igitur, ut, veteribus ſcriniis in altitudinem evectis, adderentur utrinque foruli, qui, prout occaſio poſtularet, libros exciperent, et vagantibus ſedem inter concives darent. Hi foruli plerumque minoris formæ ſunt, ut ubi minusculi libri, quod plurimis accidit, magnam eorum partem implebant, ſpatiumque invadebant grandioribus deſtinatum, ibi auxilium præſentius adefſet.

Facta eſt, quantùm mihi tunc temporis licebat, inſtituta diſtributio; et tum denique ut alteræ curæ animum manumque adhiberem, meipſum ſtrenuè adhortabar. Hæc igitur illam excepit; quàm bonis auſpiciis lectoris eſt iudicare, qui inuſitati operis errores benevolè condonabit. Res equidem erat, ut experientia docebat, non unius momenti, nec unius anni, ſi fidem Cl. Hyde habeamus, qui ſe Bibliothecæ Bodleianæ Catalogo, illique tantùm alphabetico, annos novendecim inſumpſiſſe fateatur. Nam ut Bibliothecæ Catalogus deſcriberetur non ſolùm Nomina autorum ordine alphabetico, ſed etiam ſecundùm varia ſua argumenta in varias claſſes voluminumque formas minutatim diſponens, res ipſa poſtulabat, ut eadem operâ, et quæ ſuppeditamus, et quibus indigenus, ſtudioſo lectori facilè appareat. Hæc “Catalogi conſiciendi cura” (verba ſunt Middletoni in ſuâ Bibliothecæ Cantabrigienſis ordinandæ methodo, in quâ plura ejuſdem argumenti lectu digniſſima videſis), “res fanè magni
 “momenti, multique ſudoris; non temerè enim cum atque of-
 “citanter inſtitui (quotidianorum Catalogorum ad inſtar, ubi
 “multa omiſſa, et confuſa omnia videamus) ſed diligenter et
 “accuratè deſcribi velim; ut *Bibliothecâ illâ*, cujus notitiam ſit
 “exhibiturus, dignus planè reperiatur: In *Catalogo* autem *sec-*
 “*tè inſtituto* uniuſcujuſque libri *hifloriolam quandam* requiri mus,
 “quæ ſingula ad eum dignoſcendum atque à cæteris omnibus
 “diſtinguendum neceſſaria quàm brevità, quàmque dilucidè
 “exponat;

“ exponat; undè præter *Autoris, Editoris, Interpretis* nomine, “ uno simul intuitu pateat, de *quo argumento*, et *quâ linguâ* fuerit scriptus, *quo loco, quo typographo, quo characteris genere*, “ *quotâque* editione prodierit.” Hæc ille, et quàm benè dicta sint, omnis doctus indoctusque assensu confirmabit suo. Non enim nomina librorum describere, hoc est Catalogum conficere. Accedit necessitas Historiam literariam tum Hominum, tum Librorum modicè saltem tenendi. Quanti sit momenti Auctorum Historia ad librorum suorum notitiam, nemo inficias ibit, qui vult suum cuique esse tributum; ut anonymis pseudonymisque sua nomina, nominatis sui libri rectè reddantur. Porro, tam frequenter in Auctores ejusdem nominis incidimus, ut patriam, munus, si quod obierit, prænomen cujusquam nescivisse; omnia vel unum omisisse, incredibilem fanè molestiam studioso sæpissimè creet. Quàm rarò prænomen, id intelligo quod, ut vulgò dicimus baptismo accepère, Authoribus, Commentatoribusve, Gallicis præfertim præfixum est! adeò ut, nisi literatis, lateat cujus sit hoc, vel illud opus: quod igitur, libro ipso non indicante, è Commentariis literariis, Scriptoribus contemporaneis, Lexicisve biographicis laboriosè petendum est; neque ex his quidem, nisi fortè famam meritis extenderit auctor, semper expiscandum. Quò fit, ut periculosum fuerit rem etiam levissimam aliquandò omisisse, cum nescias in describendo libro, quatenùs, et quàm multùm valeat ad eum ritè dignoscendum. Ne objiciat hic mihi aliquis, me non accuratè hanc regulam ipsum secutum esse, sæpiùs et diligentius, fateor, secuturo, si quantum hæc res interfit, præscivissem. Quod ad librorum attingit notitiam, quisnam, precor, qui hanc prò dignitate usuque suo æstimat, ignorat curiosam istam atque anxiam tum animi, tum oculorum attentionem ad annos, ad locos, ad typographos denique, ubi comparent, ubi non, laboriosum planè, ingratum semper et importunum opus, quo notitia illa tam necessaria erudenda est è libris, qui ejusmodi argumenta ex professo tractant? Quàm plurima librorum copia devoranda et devolvenda est, quanta

quanta cura capienda, antequam ad cognitionem illam diu desideratam attingas, et quàm frequenter labor omnis inquirentis omnino effusus perit! Nemini igitur admirationem, nec stomachum moveat, quòd multi iudemque magni nominis in re literariâ viri, hancce tractaverint materiam, difficultatem agnoverint, utilitatem celebraverint.

Restat jam, ut Catalogi nostri rationem breviter exponam. Confecit, dum librarii hujusce muneris Præfectus extiterit, vir sanè nunquam absque laude nominandus, ROBERTUS THYER, cui Miltonus multum luminis in poemata sua immortalia affusi debet, et Bibliotheca Chethamensis suam pænè totam librorum lautam selectamque Copiam (neque enim suâ laude fraudandus est spectatissimus Vir ROBERTUS KENYON, A. M. Collegii Æneanasis olim Socius, post hujusce Bibliothecæ et Præfectus et Curator, qui librorum ad Naturalem Historiam, Cælaturam, &c. pertinentium copiâ largâ Bibliothecam locupletavit), confecit inquam, binos Catalogos ad mentem, ut videtur, Middletoni constructos, qui ideam suam perfecti Catalogi his verbis depingit; “ Catalogi construendi methodum
 “ quod attinet, *Ordo Librorum classicus, Authorumque alphabeticus*
 “ mihi longè commodissimi videntur; ad *perfecti* verò *Catalogi*
 “ constructionem *ambobus* certè conjunctis opus est: illo scilicet,
 “ ut usibus, quos suprâ attigi, inserviat; hoc, ut libri, quem
 “ quærimus, Classem, Locumque demonstraret; in quo usus
 “ ejus præcipuè consistere videtur: illo, inquam, ut illustris,
 “ perfectæque Bibliothecæ eleganti Ordine dispositæ ideam
 “ pulchram exhibeat; hoc, ut *Indicis* illi officium præstet.
 “ Hujusmodi igitur duplicem *Catalogum* non describi modò,
 “ sed in publica literarum commoda *Typis etiam mandari* vellem,
 “ ut locupletissimæ Bibliothecæ fructus cum viris omnium gen-
 “ tium eruditis candidè et ingenuè communicemus: insignium
 “ enim Catalogorum editiones maximum Orbi literato emo-
 “ lumentum, maximum literarum studiis incitandis, promovendo
 “ dis

“ dis, perficiendis adjumentum afferunt; omnisque ex hisce
 “ sanè fontibus haurienda est *rei librariæ notitia*; quam, à
 “ nostris nimis etsi neglectam, haud in infimo tamen eruditionis
 “ gradu ponendam arbitror: *scire enim* (ut doctus quidam
 “ monuit, *sc. Scultetus, delic. Evang.*) *ubi aliquid possis invenire,*
 “ *magna pars eruditionis est.*” Quæ quidem verba idèd mutuatus
 sum, non solùm ut, quod tam feliciter delineavit auctor, pro-
 priis ipsius verbis appareret, sed ut exindè occasionem arriperem
 exponendi, quâ de causâ, temeritatis invidiâ neglectâ, methodum
 illam, quæ mihi tamen valdè arridebat, ad quam, ut ex prædictâ
 descriptione colligo, Bibliothecæ nostræ Catalogi bini Mlti
 formati sunt (idem enim Ordo Clâssicus, idem Alphabeticus)
 eandem in Catalogo *typis mandando* nollem eâ religione sequi,
 quam istius clari Capituli auctoritas poscere videretur: quibusque
 victus rationibus hanc, ad quam præfens Catalogus conficitur,
 mallem amplecti. Paucis, lector benevole, eas accipe,

In Bibliothecâ cujus indies crescit librorum copiâ, fieri non
 potest, ut locus certus unicuique volumini vel voluminum seriei
 assignetur, immò sæpè evenit, ut cancellum facultatibus singulis
 attributum, transvolare sit necesse: hic scilicet liber huic loco,
 vel illi, meliùs forsan competat, quàm præfens possessor. Hinc
 fit, ut causa oriatur librum, seu libros, de ordine suo aliquandò
 deturbandi, in aliumque locum transferendi; quam mutatio-
 nem, etsi Catalogis Mltis, qui in Bibliothecæ usum adhuc ser-
 vantur, sedulò notatam, in excusis notare non possumus. Perit
 igitur excusorum possessoribus omnis gratia Ordinis Clâssici,
 quum in iis servari nequit. Porrò, Bibliothecam consulenti,
 quàm Catalogum legenti, interior ejus ordo est utilior; idèdque
 Bibliothecarii magis quàm aliorum, interest, quum ejus res
 folius agatur, ut eum penitiùs sibi cognitum habeat. Literato-
 rum igitur utilitati, quibus in locis diffitis habitantibus non,
 nisi per literas consulenda est Bibliotheca nostra, quibusque eâ
 de causâ studiôsiùs erat consulendum, me potissimùm inservitu-
 rum

rum esse putavi, si, missis his binis Catalogis oppidanorum meorum manibus terendis, utriusque Ordinis commoda uni intuitui subjicerem, unoque quasi filo quæ in utroque præstant simul intertexerem. Quisnam ergò usus Classicum istum ordinem secundum Middletoni mentem *typis mandandi*? pereat enim forsan cras, ut ostendi, quem nullâ certâ lege hodiè constituiti: unâque perit usus Classici istius Catalogi *separatim* edendi. Et ubinam Satelles sinè Planetâ suo apparere visus est? quid autem Index libri valet, sinè libro ipso, cùjus index esse dicitur?

Ex his denique rationibus tandem exorta est è duobus Catalogis unum construendi sententia; qui si doctorum literatorumque virorum approbationi se commendet, quorum ex suffragiis pendet omnis honesta laus, neque mihi neque aliis hominibus frustra laborâsse videbor.

Accessit ad catalogum librorum, qui typis extant, Manuscriptorum etiam qui in eâdem Bibliothecâ servantur, curta supellex.

Lectorem denique benevolum monitum velim, ut facili non severo animo errores corrigat typographicos, qui sub manibus in exteris linguis non exercitatis sine fine accrescunt, uniusque Correctoris oculis subjecti non possunt, nisi Argus fuisset, non abundanter scaterere. Quod nos pro nostrâ tenuitate effecimus, lector, pro tuâ humanitate accipe, et condona; memor quod perfectum edidisse Opus nemini adhuc mortali contigerit.
